

# How Much Will a GPS Outage Cost You?

For most Americans, the impact of GPS is as close as your smartphone. GPS is the link between innovation within the national lab system, technology transfer to the private sector and the tools of your everyday lives.

According to the National Institute of Standards and Technology, GPS has generated.....

**\$1.4** trillion in economic benefits for the private sector. But what happens when there is a GPS outage?

**The potential impact of a 30-day GPS outage:**

**\$1** billion/day  
or  
**\$30** billion total
